NOTES TO FINANCIAL STATEMENTS December 31, 2011 and 2010

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Nature of business</u>: The Company, located in Providence, Rhode Island, is a broker/dealer engaged in the sale of securities to customers located mainly on the East Coast.

The Company operates under the provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that Rule. Essentially, the requirements of Paragraph (k)(2)(ii) provide that the Company clear all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer, and promptly transmit all customer funds and securities to the clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

A summary of the Company's significant accounting policies follows:

<u>Income recognition</u>: Securities transactions and the related commission revenues and expenses are recorded on a settlement date basis, which is generally the third business day following the date a transaction is executed. The effect of transactions executed but not yet settled is not significant.

<u>Property, equipment and depreciation</u>: Property and equipment are stated at cost. Depreciation is computed using both straight-line and accelerated methods for financial reporting purposes and is based on estimates of useful lives, ranging from 5 to 10 years. The depreciation expense and accumulated depreciation for the year ended December 31, 2011 are \$13,962 and \$186,512 respectively, and for the year ended December 31, 2010, \$10,117 and \$172,550, respectively.

<u>Income taxes</u>: The Company is an S Corporation within the meaning of Internal Revenue Code Section 1361. Under this provision, profits are, with certain exceptions, taxed directly to the stockholders in proportion to their percentage of ownership. During the years ended December 31, 2011 and 2010, the Company treated the distribution of \$515,008 and \$533,732 from profits as salaries to its stockholders, respectively.

<u>Uncertainty in accounting for income taxes</u>: When tax returns are filed, it is highly certain that some positions taken would be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the position taken or the amount of the position that would ultimately be sustained. The benefit of a tax position is recognized in the financial statements in the period which, based on all available evidence, management believes it is more likely than not that the position will be sustained upon examination, including the resolution of appeals or litigation processes, if any.

Tax positions taken are not offset against or aggregated with other positions. Tax positions that meet the more-likely-than-not recognition threshold are measured as the largest amount of tax benefit that is more than 50 percent likely of being realized upon settlement with the applicable taxing authority. The portion of the benefits associated with tax positions taken that exceeds the amount measured as described above, if any, would be reflected as a liability for unrecognized tax benefits in the accompanying balance sheet along with any associated interest and penalties that would be payable to the taxing authority upon examination.

NOTES TO FINANCIAL STATEMENTS December 31, 2011 and 2010

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Management has determined there are no uncertain income tax positions.

Advertising costs: The Company charges advertising costs to expense as incurred. Advertising costs for the years ended December 31, 2011 and 2010 were \$6,590 and \$500, respectively.

<u>Use of estimates</u>: The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2. EMPLOYEE PENSION PLANS

The Company had in effect a simplified employee pension plan covering substantially all employees who have been employed for more than one year. Contributions to the Plan were at the discretion of the stockholders. The Plan was terminated during 2010. There were no contributions to the Plan for the year ended December 31, 2010.

During 2010, the Company established a noncontributory 401(k) profit sharing plan. The Plan covers substantially all of its employees who have completed one year of service. The Plan's assets are held by T. Rowe Price Trust Co. Profit sharing contributions and safe harbor contributions for the year ended December 31, 2011 were \$83,605 and \$52,881, respectively and for the year ended December 31, 2010, \$20,398 and \$49,484, respectively.

Note 3. OPERATING LEASES

The Company leases certain office space under a noncancelable agreement which expires in 2014 and requires minimum annual rentals. Rental expense for the years ended December 31, 2011 and 2010 was \$116,051 and \$106,328, respectively.

The total minimum rental commitment as of December 31, 2011 is due in future years as follows:

Years ending December 31	
2012	\$ 118,380
2013	121,193
2014	123,772
	\$ 363,345

NOTES TO FINANCIAL STATEMENTS December 31, 2011 and 2010

Note 4. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission uniform net capital rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2011, the Company had net capital and net capital requirements of approximately \$193,529 and \$100,000, respectively. At December 31, 2010, the Company had net capital and net capital requirements of \$220,825 and \$100,000, respectively. The Company's net capital ratios (aggregate indebtedness to net capital) at December 31, 2011 and 2010 were 1.11 to 1 and .59 to 1, respectively.

Note 5. STATEMENT PURSUANT TO PARAGRAPH (d)(4) of RULE 17a-5

There are no material differences between the computation of aggregate indebtedness and net capital and that of the corresponding computation prepared by and included in the Company's unaudited Part IIA Focus Report filing as of December 31, 2011 and 2010.

Note 6. <u>NFS AGREEMENT</u>

The Company has an agreement with National Financial Services, LLC (NFS). Under this agreement, NFS clears transactions on a fully disclosed basis for accounts of the Company and of the Company's customers, which are introduced by the Company and accepted by NFS. NFS maintains stock records and other records on a basis consistent with generally accepted practices in the securities industry and maintains copies of such records in accordance with the FINRA and SEC guidelines for record retention. NFS is responsible for the safeguarding of all funds and securities delivered to and accepted by it. NFS prepares and sends to customers monthly or quarterly statements of account. The Company does not generate and/or prepare any statements, billings or compilations regarding any account. The Company examines all monthly statements of account, monthly statements of clearing services and other reports provided by NFS and notifies NFS of any errors. NFS charges the Company for clearing services. NFS also collects all commissions on behalf of the Company and makes payments to the Company for commissions.

The Company carries its receivable from NFS at cost. If a customer of the Company did not pay NFS a commission, the assets of that customer's account would be liquidated to cover any amount owed for the commission. Any shortfall between the value of the assets and the amount owed for the commission would have to be absorbed by the Company as bad debt. The Company has deemed an allowance for such a loss is unnecessary, since historically these losses have been minimal and immaterial.

The Company is required to maintain an escrow deposit account pursuant to the agreement with NFS. The balance of the escrow deposit account was \$50,000 at December 31, 2011 and 2010.

During 2011 and 2010, revenues generated from NFS were approximately 97% and 96% of total revenues, respectively. At December 31, 2011 and 2010, amounts due from NFS in accounts receivable totaled \$89,748 and \$83,819, respectively.

NOTES TO FINANCIAL STATEMENTS December 31, 2011 and 2010

Note 7. OFF-BALANCE-SHEET RISK AND CONCENTRATION OF CREDIT RISK

As discussed in Note 1, the Company's customer securities transactions are introduced on a fully-disclosed basis with a clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers of the Company and is responsible for collection and payment of funds and receipt and delivery of securities relative to customer transactions. The clearing broker/dealer will also execute trades when requested by the Company. Off-balance-sheet risk exists with respect to these transactions due to the possibility that customers may be unable to fulfill their contractual commitments wherein the clearing broker/dealer may charge any losses it incurs to the Company. The Company seeks to minimize this risk through procedures designed to monitor the credit worthiness of its customers and that insure customer transactions are executed properly.

The Company maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk on cash. The amount on deposit at December 31, 2011 did not exceed insurance limits.

Note 8. EQUITY

During January 2011, the shareholders of the Company authorized the redemption of 40 shares of common stock from an officer and shareholder of the Company. Concurrently, the shareholders of the Company authorized the sale of 40 shares of common stock to a new shareholder of the Company. These transactions occurred simultaneously and the shares were purchased and sold for the same amount and therefore did not have an impact in the accompanying financial statements.

Note 9. SUBSEQUENT EVENTS

Management has evaluated subsequent events through February 2, 2012, the date the financial statements were available to be issued, and determined that there have been no events that have occurred that would require adjustments to the financial statements.

INDEPENDENT AUDITORS' REPORT ON SUPPLEMENTARY INFORMATION REQUIRED BY RULE 17a-5 OF THE SECURITIES AND EXCHANGE COMMISSION

To the Stockholders Brown, Lisle/Cummings, Inc. Providence, Rhode Island

We have audited the financial statements of Brown, Lisle/Cummings, Inc. as of and for the year ended December 31, 2011 and 2010, and have issued our report thereon dated February 2, 2012, which contained an unqualified opinion on those financial statements. Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information contained in Schedules I, II, III, IV required by Rule 17a-5 under the Securities and Exchange Commission is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the Schedule of Assessment and Payment (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2011, which were agreed to by Brown, Lisle/Cummings, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc. and SIPC, solely to assist you and the other specified parties in evaluating Brown, Lisle/Cummings, Inc.'s compliance with the applicable instructions of the Transitional Assessment Reconciliation (Form SIPC-7). Brown, Lisle/Cummings, Inc.'s management is responsible for the Brown, Lisle/Cummings, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- Compared the listed assessment payment in Form SIPC-7 with respective cash disbursement records entries, noting no differences. The assessment payment in Form SIPC-7 was traced to the Brown, Lisle/Cummings, Inc.'s cash disbursement records. In addition the disbursement was traced to the Brown, Lisle/Cummings, Inc.'s bank statement, providing evidence that the checks cleared in a timely manner.
- Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2011, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2011, noting no differences.
- 3. No adjustments were reported in Form SIPC-7. As such there were no procedures to be performed surrounding the adjustments.
- 4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related client schedules, noting no differences.
- 5. No overpayment was reported and applied on FormSIPC-6. As such, there were no procedures performed.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

To the Stockholders Brown, Lisle/Cummings, Inc. Providence, Rhode Island

We have audited the accompanying statements of financial condition of Brown, Lisle/Cummings, Inc. as of December 31, 2011 and 2010 and the related statements of income, changes in stockholders' equity and cash flows for the years then ended, that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

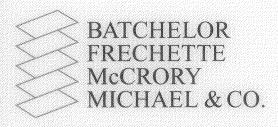

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Brown, Lisle/Cummings, Inc. as of December 31, 2011 and 2010 and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

CERTIFIED PUBLIC ACCOUNTANTS & BUSINESS CONSULTANTS

BROWN LISLE/CUMMINGS, INC. INDEPENDENT AUDITORS' REPORT ON THE INTERNAL CONTROL STRUCTURE

CERTIFIED PUBLIC ACCOUNTANTS & BUSINESS CONSULTANTS

To the Stockholders
Brown, Lisle/Cummings, Inc.
Providence, Rhode Island

Paul D. Frechette
Edward F. McCrory
David P. Michael
Jean Saylor
George F. Warner
Michael S. Resnick
Stephen Noyes

In planning and performing our audit of the financial statements of Brown, Lisle/Cummings, Inc. as of and for the year ended December 31, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by Brown, Lisle/Cummings, Inc. including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in the following:

(1) Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11).

Because Brown, Lisle/Cummings does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- (1) Making quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13
- (2) Complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System
- (3) Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15C3-3.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraphs. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraphs and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraphs.

2

40 Westminster Street, Suite 600 Providence, RI 02903 P: 401.621.6200 F: 401.621.6209 www.bfmmcpa.com

Because of inherent limitations in any internal control structure and the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency or a combination of control deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of the internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the Securities and Exchange Commission and the Financial Industry Regulatory Authority, Inc., and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
